

## RESPIRATORY PROTECTION PROGRAMS FOR THE EMERGENCY MEDICAL SERVICES

---

Let RVESCUE assist your agency in meeting your compliance for use of N-95, N-99 or N-100 disposable particulate respirators. We can offer your EMS agency the following services:

### **TRAINING**

- ✿ Provide for training of all members, based on the NJ PEOSHA Model Plan (dated 2006) including local protocol review:
  - Training includes:
    - Explain what N-95 disposable particulate respirators are and why they are necessary for your responders.
    - Discuss their capabilities and limitations
    - Demonstrate proper use
    - Review your agencies requirements of the respiratory protection program
    - Discuss the medical evaluation requirement
    - Discuss Fit-Testing
    - Discuss Escape-Only Respirators
  - *\$200 for 2 hour session provided at your station. Includes NJEMT CEU's*  
*(NOTE: NJ EMT Training Fund may be used to offset this fee)*

### **FIT-TESTING**

- ✿ Provide for Qualitative Fit-Testing for all medically cleared members, either on initial or annual refresher
  - Agency to provide N-95 or N-100 masks for each member to be tested
  - Testing done at your facility
  - *\$15 per member, up to 25 in a single session, minimum \$150*
  - *\$10 per member if over 25 in a single session*

## **MEDICAL EVALUATION**

- ✿ RVESCUE, LLC, can help your agency by administrating your membership's medical evaluations through a confidential online questionnaire and approval process. Members will have a toll-free number to contact the reviewing medical authority with any questions. All medical questionnaires are held by the reviewing vendor, and not RVESCUE or your agency. RVESCUE will supply your agencies identified RPP Compliance Officer with a written proof of medical clearance, and dates of same. No medical records or private health information is maintained by or at RVESCUE, LLC. If full medical clearance via a physical is recommended by the screening medical authority, it is up to your agency to make those arrangements directly and is not included in the cost of this initial medical clearance.
  - *\$100 agency set up fee*
  - *\$40 per member, per year requested, for initial medical clearance questionnaire and review.*

## **PLAN PREPARATIONS**

- ✿ Based on the NJ PEOSHA Model guidance plan, RVESCUE LLC will customize a Respiratory Protection Plan for inclusion in your agencies Standard Operating Guidelines. This will include:
  - One 1-hour consultation with your department to understand your current RPP policies and procedures
  - Delivery of 1 completed written Respiratory Protection Plan in PDF format within 30 days
  - One up to 1-hour delivery meeting to meet and discuss the plan with your designated responsible party for the program.
  - *\$300 for customized plan and 2 consultation meetings*

**Reach out to us today to let us know how we can assist your agency better prepare your responders for Respiratory Protection!**
